

Delaware Lifespan Respite Care Provider Survey

April 28, 2004

Dear Community Leader:

You have an important role to play in the development of better respite care for Delawareans! The Delaware Caregivers Support Coalition is a recently formed group of health care providers, professionals, caregivers, and disability advocates who are working on a project to greatly improve respite services in the state. The coalition is being coordinated through Easter Seals and chaired by Dr. Tim Brooks with the University of Delaware's Center for Disability Studies.

Respite care provides temporary relief for caregivers and families from the ongoing responsibility of caring for individuals with disabilities or other special needs; people with chronic or terminal illness; or individuals at risk of abuse and neglect. Planned and crisis respite can occur in out-of-home and in-home settings depending on the needs of the family and available resources.

Among other things, the coalition wants to define the level of need for respite services in our state, with the goal of designing a service delivery system that better meets the needs and concerns of caregivers. The first critical step is to gather information regarding the current status of respite care. The attached survey has been developed to help the Coalition determine what programs are currently available to caregivers who need respite care for their loved ones. In an effort to gather the most thorough and complete results, we are distributing this form to a broad scope of organizations. Even if your organization doesn't currently provide respite, you can still contribute valuable information to the survey.

We hope that you will take a few minutes to complete the attached survey. Your input is extremely important to our goal of addressing the respite care needs of all Delawareans. If you have questions about the survey or the Coalition, please call Verna Hensley or Sara Whitehead at 302-324-4444.

Thank you in advance for your participation.

RESPIRE SERVICES SURVEY

Name of Your Agency/Organization: _____

Contact Person: _____

Phone/email: _____

Thank you for taking the time to complete this survey. Your input is extremely important. Please complete and return the survey to the address below by March 10th. If you have any questions or need additional copies, please contact Sara Whitehead at 324-4444 ext. 2051.

- 1) Does your organization currently offer respite care or has it in the past?
