

Performance Measurement Learning Collaborative

Thursday, December 15, 2022 from 10:00-11:30 Pacific (11:00-12:30 Mountain, 12:00-1:30 Central, and 1:00-2:30 Eastern).

Agenda

I. Welcome and Introductions with Peer Contacts Poll

II. Evaluation Tools Used in the Field

➤ *Retrospective Pre-Post Evaluation & SWOT Assessment*

Tami Cirerol, Asst Director of the Center for the Study of Aging, Hanna Scheuffele and Sarah E. Toevs, Director of the Center for the Study of Aging at Boise State University

➤ *The WHO5 tool for evaluating caregiver well-being*

Daniel J Koltz, PhD, Assistant Professor at Montana State University, MT Caregiver Respite Retreat Program Director, MT Kinship Navigator Program Director, and a partner in the MT Lifespan Respite grant

III. Statistical Significance. What it means and how to calculate it. A demonstration

➤ *Cassandra will review and demonstrate how to calculate statistical significance using Excel, including a quick-and-dirty primer on how to use excel to perform a t-test.*

IV. Check in : ARCH and Learning Collaborative Participants' Updates

Where is everyone in their performance measurement activities? This is a chance to talk about what you are doing, your successes and challenges. It's a safe time to share and brainstorm with others.
