

Nebraska Lifespan Respite Network

Provider Recognition Scoring Rubric

Directions:

- Each Coordinator will submit at least one Respite Provider Nominee per quarter from September 2018-June 2019. Coordinators may choose providers who deserve recognition or contact Caregivers in your area for suggestions/nominees.
- The scoring rubric below will be used to rank Respite Provider nominations each quarter. We will use the same consistent ranking system for each nomination.
- Each section will be ranked 1-5, 1 being the lowest score, 5 being the highest. The score will be tallied and the nominee with the highest total score will receive the Quarterly Respite Provider Recognition.
- There will be a minimum of 3* caregivers that will score each provider nominee. Contact information and locations will not be provided to caregivers who are scoring the nominations to eliminate bias.

***Having 3 individuals score each applicant is important to insure that an objective and fair process has been utilized to select the recognized Respite Provider each quarter.**

	1 Low	2	3	4	5 High
1. How long has this nominee been a respite provider?					
2. How often does this nominee provide respite?					
3. Does this nominee provide respite for more than one client?					
4. Describe typical activities that happen while this individual provides respite?					
5. Why does this nominee deserve recognition for being a respite provider?
