

2016-2017 Logic Plan

What to Sustain	How will We Measure Progress
Ultimate Outcomes	Indicators
<p>An updated provider information sheet Stating specific areas of special trainings, spoken languages, and ethnic background information.</p>	<p>An easy go to sheet with information referencing experiences for referral calls looking for a specific skill, ethnic background or language.</p>
<p>Notify providers regarding trainings in specific areas of interests, as well as other trainings to increase skill level.</p>	<p>An increased number of skilled providers.</p>
<p>Follow up after trainings to see if providers attend, ask questions regarding the trainings such as did they attend the training and did they find the training helpful? Do you feel more comfortable in this area after completing the training? Are you interested in other trainings?</p>	<p>Updated information on whether our caregivers are attending trainings we are referring them to, and if they feel like they are making a difference and if they would like to continue to attend trainings. This information would be very useful for future evaluation purposes.</p>
<p>Recruit students in specialized areas as providers.</p>	<p>An increase in skilled providers.</p>
<p>Post trainings on local, state, and national level on provider calendar.</p>	<p>An increase in skilled providers.</p>
<p>Contact foster parents and licensed Medicaid providers to become respite providers.</p>	<p>An increase number of skilled providers.</p>
<p>Call or email providers asking for feedback on trainings, if they are looking for any specific training, or if they are looking for work each quarter.</p>	<p>To remain engaged with providers and their concerns.</p>
<p>Encourage advisory board to remain updated in caregiver issues and to encourage them to vote when give opportunity</p>	<p>Advisory board that is educated on caregivers needs.</p>

<p>Direct providers to access the database for trainings and to share opportunities when they know of something that will benefit other providers.</p>	<p>An updated provider calendar with on-going trainers that will benefit providers and build skills.</p>
<p>Increase the number of REST trained providers and get them work within the first 60 days after training.</p>	<p>An increased number of satisfied providers and caregivers.</p>
<p>Train professionals and staff on the importance of respite and how to access respite resources.</p>	<p>A community that is knowledgeable on respite and how to access respite resources.</p>
<p>Research materials about respite that will benefit culturally diverse populations.</p>	<p>Increase knowledge of respite in the diverse populations.</p>
<p>Deliver material on caregiver issues in libraries in colleges and universities.</p>	<p>Increase of knowledge in students on caregiver's issues.</p>
<p>Contact employers with wellness programs and request they add respite information and link on the websites.</p>	<p>Increase number of employees informed on respite and respite resources.</p>
<p>Expand the advisory board with 2 people with business backgrounds.</p>	<p>A well-rounded and diverse advisory board.</p>
<p>Engage a business in REST training.</p>	<p>Increased number of employees more confident in providing respite to family members.</p>
<p>Identify unmet needs of caregivers to existing funding sources and research public and private funding sources for respite activities.</p>	<p>Increase of monies to support respite.</p>
<p>Search for in-kind donations for respite activities.</p>	<p>Increase monies to support respite.</p>
<p>Apply for additional funding local, state, or national.</p>	<p>Increase monies to support respite activity.</p>
