

**State Lifespan Respite Grant Activities Aligned with  
National Strategy Goals and Outcomes  
Working Document – Updated July 2023**

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
<b>Goal 1: Increase awareness of and outreach to family caregivers</b>		
<p><b>Outcome 1.1:</b> Americans are educated about and understand the experience of family caregiving.</p>	<ul style="list-style-type: none"> <li>● Public awareness initiatives:               <ul style="list-style-type: none"> <li>○ <b>Nevada</b> (<a href="#">Respite Refuels Caregivers</a>)</li> <li>○ <b>Montana</b> (<a href="#">It's OK to need it, it's OK to want it, and it's OK to get it</a>)</li> <li>○ <b>North Dakota</b> (<a href="#">Taking Care of You</a>)</li> </ul> </li> <li>● Outreach to underserved populations and professionals:               <ul style="list-style-type: none"> <li>○ <b>North Dakota</b> Lifespan Respite program developed PSAs to push out Native Elder Caregiver Curriculum through Tribal radio stations (watch 1<sup>st</sup> presentation in 2022 <a href="#">Bring, Brag and Borrow video</a>).</li> <li>○ <b>Tennessee</b> Respite Coalition Outreach to diverse groups (watch 2<sup>nd</sup> presentation in 2022 <a href="#">Bring, Brag and Borrow video</a>).</li> <li>○ <b>South Carolina</b> Respite Coalition's <a href="#">A Physician's Perspective on Using Respite to prevent Caregiver Stress</a></li> <li>○ <b>Washington:</b> partnership with <a href="#">TBI community to provide support groups</a> and respite</li> </ul> </li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
<p><b>Outcome 1.2:</b> Caregiver self-identification and knowledge of services is enhanced.</p>	<ul style="list-style-type: none"> <li>● <b>Multiple states (MS, MT, NC, NY, RI, TX):</b> Efforts to increase respite awareness, referrals and access through state No Wrong Door systems See <a href="#">webinar examples</a>.</li> <li>● <b>Idaho:</b> Idaho Caregiver Alliance (ICA) partners with Medicaid to implement the <a href="#">Idaho Family Caregiver Navigator</a></li> </ul>	
<p><b>Outcome 1.3:</b> Outreach to family caregivers is improved.</p>	<ul style="list-style-type: none"> <li>● <b>Illinois:</b> The Illinois Respite Coalition is collecting information from family caregivers through an ongoing <a href="#">Caregiver Statewide Survey</a>.</li> <li>● <b>Montana:</b> Lifespan Respite program developed database of respite referral sources and efforts to increase referrals.</li> <li>● <b>Multiple states:</b> Lifespan Respite grantees and partners conduct ongoing public outreach efforts through coalition/state website, social media, coalition building, and in some cases, radio and TV spots</li> </ul>	
<p><b>Outcome 1.4:</b> Family caregiving - and caregivers - are embedded in federal, state, territorial, tribal, and local planning.</p>	<ul style="list-style-type: none"> <li>● <b>South Carolina:</b> The South Carolina Respite Coalition and grantee partner work to ensure State legislature designation of ongoing funding for respite care</li> <li>● <b>Colorado:</b> Colorado Respite Coalition and Lifespan Respite grantee led effort to establish State level appointed Respite Care Task Force</li> <li>● <b>Rhode Island:</b> The Lifespan Respite grantee and partners developed the <a href="#">State Plan for Family Caregivers</a></li> <li>● <b>Nevada:</b> The NV Lifespan Respite Care Coalition</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
	<p>prepared a <a href="#">Nevada State Plan for the Support of Family Caregivers</a>.</p> <ul style="list-style-type: none"> <li>● <b>South Carolina:</b> The Lifespan Respite grantee and partners developed <a href="#">Respite Plan - Take Another Break, SC!</a></li> <li>● <b>Massachusetts:</b> Lifespan Respite grantee and partners worked to develop enhancements to the MassOptions website and MassOptions/ADRC specialists' respite referral process to improve access to respite services</li> <li>● <b>Idaho:</b> Lifespan Respite grantee and partners lead advocacy to engage in a Multi-generational Plan for Aging is in the early outreach and planning states in Idaho</li> <li>● <b>Illinois:</b> Illinois Lifespan Respite Coalition in collaboration with the state agency grantee is currently forming a Statewide Respite Task Force that the intend to be at least 50% family caregivers.</li> <li>● <b>New York:</b> New York is currently working on a multi-state agency Master Plan for Aging. Several work groups are contributing to this, including some focused on respite and caregiving issues. The Lifespan Respite grantee and NY State Caregiving and Respite Coalition are represented on the work groups and developed a cross walk of respite actions they have taken in NY that align with the National Strategy to help inform the work.</li> </ul>	
<p><b>Outcome 1.5:</b> Public-private partnerships at all levels help drive family caregiver recognition and support.</p>	<ul style="list-style-type: none"> <li>● <b>Colorado:</b> The Colorado Respite Coalition developed the <a href="#">Caregiver Friendly Workplace Toolkit</a></li> <li>● <b>Nebraska, New York, and Wisconsin:</b> Employer</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
	<p>Engagement Initiatives use employer surveys to identify caregiver needs. See <a href="#">video</a> of Panel <i>Supporting Working Caregivers through Employer Engagement</i> at the 2022 National Lifespan Respite Conference.</p> <ul style="list-style-type: none"> <li>• <b>Wisconsin:</b> The Lifespan Respite grantee recently built a relationship with the state's <a href="#">Society for Human Resource Management</a> (SHRM) chapter to present at a conference for human resources personnel to educate them on the needs of working family caregivers. Nationally, SHRM has increased its footprint within support for working caregivers. <a href="#">Find a local chapter of SHRM</a></li> <li>• <b>Oklahoma:</b> The Lifespan Respite grantee is planning to integrate technology (e.g., Facebook Live events) with employer engagement efforts to broaden reach across state</li> <li>• <b>South Carolina:</b> The South Carolina Respite Coalition developed informational referral cards, videos, and posters for outreach to the health care community.</li> </ul>	
<b>Goal 2: Advance partnerships and engagement with family caregivers</b>		
<p><b>Outcome 2.1:</b> Family caregivers are recognized as essential partners in the care teams of the person(s) to whom they are providing support.</p>	<ul style="list-style-type: none"> <li>• <b>New York:</b> Some AAAs have created packets for caregivers for hospital discharge planners to help get them connected to caregiver support program.</li> </ul>	<p>This goal is primarily within the context of health care but can be interpreted more broadly.</p>
<p><b>Outcome 2.2:</b> Where appropriate, identifying services and supports needs for caregivers consistently starts with a review of family caregiver strengths and</p>	<ul style="list-style-type: none"> <li>• <b>South Carolina:</b> The SC Respite Coalition utilizes a <a href="#">Caregiver Self-Assessment</a></li> <li>• <b>Nevada:</b> The Nevada Lifespan Respite Care</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
<p>preferences using evidence-based assessments.</p>	<p>Program utilized the <a href="#">Respite Rx Caregiver Assessment</a></p> <ul style="list-style-type: none"> <li>• <b>Idaho:</b> Use of T-Care in <a href="#">Idaho Family Caregiver Navigator</a>; The ID Caregiver Alliance is developing their own platform based on T-Care best practices.</li> <li>• <b>Nevada:</b> Nevada Lifespan Respite Care Coalition led the advocacy effort to pilot use of caregiver assessments in various programs to better understand family needs.</li> </ul>	
<p><b>Outcome 2.3:</b> Where appropriate, family caregivers are included and considered in the development of care recipient’s plans of care across a range of settings and circumstances.</p>	<ul style="list-style-type: none"> <li>• <b>Multiple States:</b> Many state respite coalitions engage family caregivers in coalition activities.</li> </ul>	
<p><b>Outcome 2.4:</b> When policies are proposed or revised, the potential impact on family caregivers is anticipated and understood.</p>	<ul style="list-style-type: none"> <li>• <b>Idaho:</b> Idaho Caregiver Alliance hosts an annual <a href="#">Legislative Luncheon</a> for policymakers to hear from caregivers and long-term care providers</li> </ul>	
<p><b>Outcome 2.5:</b> The education curricula of professionals who will potentially work with family caregivers include specific topics and coursework designed to ensure they have the skills to do so effectively.</p>	<ul style="list-style-type: none"> <li>• <b>Kansas:</b> The Kansas Respite Coalition led a <a href="#">Respite Provider Training Initiative</a></li> <li>• <b>Multiple States:</b> Ten state Lifespan Respite grantees and partners participated in a field test of a <a href="#">competency-based respite provider training curriculum</a>.</li> <li>• <b>South Carolina:</b> The SC Respite Coalition developed a respite training course for the SC Department of Disabilities and Special Needs’ (DDSN) Family-Selected Respite Program</li> <li>• <b>Wisconsin:</b> Respite Care Association of WI offers</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
	a <a href="#">variety of free online training courses</a> for respite workers	
<b>Goal 3: Strengthen services and supports for family caregivers.</b>		
<p><b>Outcome 3.1:</b> Person- and family-centered, trauma-informed, and culturally appropriate caregiver services and supports are accessible for all family caregivers.</p>	<ul style="list-style-type: none"> <li>● <b>Washington:</b> The Lifespan Respite Care grantee established partnerships with <a href="#">Tribal Kinship Navigator Program</a>; conducting outreach to Tribal Nations to participate in their respite voucher program; piloting a culturally aware training and education program for respite providers and family caregivers with the S'Klallam Tribe.</li> <li>● <b>Nevada:</b> The Lifespan Respite Care Program used the <a href="#">LifeCourse tools</a> for respite in their Respite Rx pilot voucher program to ensure person and family-centered and culturally competent respite care. See <a href="#">Charting the LifeCourse Tools for Respite: Examples from State Lifespan Respite Programs</a></li> <li>● <b>Montana, Rhode Island</b> Lifespan Respite Care grantees and partners use trusted members of diverse and underserved communities to share information about respite services.</li> <li>● <b>Idaho:</b> Idaho Caregiver Alliance uses Spanish speaking navigators in their <a href="#">Idaho Family Caregiver Navigator</a>. Additionally, ICA is increasing outreach efforts to better understand the unique needs of several populations including Latinx communities, younger caregivers who are planning to pursue higher education, and kinship families.</li> <li>● <b>Colorado:</b> The CO Lifespan Respite program awards grants to community-based agencies in rural and frontier communities, to reach family caregivers in traditionally underserved areas of the state.</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
<p><b>Outcome 3.2:</b> Family caregivers can obtain respite services that meet their unique needs.</p>	<ul style="list-style-type: none"> <li>● <b>Multiple States:</b> 23 Lifespan Respite programs implement self-directed respite voucher programs</li> <li>● <b>Multiple States:</b> Most state grantees partner with ADRCs/No Wrong Door Systems to provide information and referral to respite care or help connect family caregivers to respite services through State Respite Coalitions, statewide information lines and/or state respite registries. See <a href="#">webinar examples</a></li> <li>● <b>Arkansas, Illinois, Massachusetts, New Mexico, New York, and Wisconsin:</b> The Illinois Lifespan Respite Care Coalition, the New Mexico Caregivers Coalition, and the NY State Caregiving and Respite Coalition, in partnership with their respective state Lifespan Respite grantees are building respite registries to help connect newly trained respite providers with family caregivers. The Arkansas Lifespan Respite grantee and the RCAW have similar registries. The MA Lifespan Respite grantee partners with Rewarding Work to house a directory of trained respite providers.</li> <li>● <b>New York:</b> The Lifespan Respite grantee is piloting a <a href="#">Caregiver &amp; Respite Wellness Center</a>. They expanded their Lifespan Respite caregiver-directed voucher respite model to Area Agencies on Aging under the National Family Caregiver Support Program, and will allow in-home and out-of-home care.</li> </ul>	
<p><b>Outcome 3.3:</b> A range of evidence-based, education, counseling, and peer support services are available to family caregivers.</p>	<ul style="list-style-type: none"> <li>● <b>Alabama:</b> Alabama Lifespan Respite has a Caregiver Wellness Initiative to increase emergency respite funds and provide no-cost</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
	<p>statewide mental health counseling to caregivers. The Caregiver Wellness Initiative was recently expanded in one county with leveraged private hospital funds to expand mental health services to siblings and other relatives in the family.</p> <ul style="list-style-type: none"> <li>● <b>Idaho:</b> ICA implements the statewide online Family Caregiver Navigator.</li> <li>● <b>Colorado:</b> The Colorado Respite Coalition and grantee partners offer Stress Busting for Family Caregivers training, Coming Up for Air respite weekends. They are exploring using voucher for mental health services, similar to Caregiver Wellness program in Alabama.</li> <li>● <b>Montana:</b> A Lifespan Respite grantee partner offers <a href="#">Respite Retreats</a>.</li> <li>● <b>New York:</b> Powerful Tools for Caregivers training offered through NYS Caregiving and Respite Coalition</li> </ul>	
<p><b>Outcome 3.4:</b> Family caregivers and families have safe places to live, nutritious food, and adequate transportation.</p>	<ul style="list-style-type: none"> <li>● <b>Washington:</b> Lifespan Respite grantee partners with a crisis nursery that supports vulnerable families</li> <li>● <b>Nevada:</b> Lifespan Respite grantee undertook an initiative to create respite options for families with an individual with a dual diagnosis (IDD/SED)</li> <li>● <b>Multiple states:</b> Lifespan respite programs and partners throughout the country recognized the need for food, transportation, and technology from the outset of the COVID-19 pandemic, and worked to incorporate these into their service models.</li> </ul>	
<p><b>Outcome 3.5:</b> Family caregivers have</p>	<ul style="list-style-type: none"> <li>● <b>Multiple states:</b> Lifespan Respite grantees and</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
<p>innovative tools and technology to assist them in their roles.</p>	<p>partners distributed tablets and technology support during COVID-19 pandemic and ongoing</p> <ul style="list-style-type: none"> <li>● <b>Multiple states:</b> Lifespan Respite grantees and partners engage in use of or promotion of technology tools for families (e.g., Trualta, robotic pets, virtual headsets)</li> <li>● <b>Alabama:</b> Alabama Lifespan Respite had a partnership with State Assistive Technology Program to make technology available to family caregivers through their <i>Helping Those Who Care</i> program. <a href="#">Webinar presentation.</a></li> <li>● <b>Oklahoma:</b> The Lifespan Respite grantee is developing a respite app to connect families to services</li> <li>● <b>Tennessee:</b> Tennessee Respite Coalition is developing app for caregivers to apply for TRC respite vouchers.</li> <li>● <b>Colorado:</b> The Lifespan Respite grantee is planning to do a COVID-19 study on best practice regarding virtual programming</li> <li>● <b>Washington:</b> Lifespan Respite Washington undertakes a mini-tech grant program to increase equity in access to virtual supports and services</li> <li>● <b>Illinois:</b> Illinois Respite Coalition is establishing a lending library of tech tools for caregivers to borrow including tablets, Alexa devices, and virtual reality goggles as a way to offer virtual respite and reduce social isolation.</li> </ul>	
<p><b>Outcome 3.6:</b> Volunteers of all ages and abilities are trained, vetted, and ready to assist family caregivers.</p>	<ul style="list-style-type: none"> <li>● <b>Rhode Island:</b> Lifespan Respite grantee and partners established CareBreaks Volunteer Student Respite Initiative in five nursing schools across the</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
	<p>state. <a href="#">Video</a> and <a href="#">Toolkit</a></p> <ul style="list-style-type: none"> <li>● <b>New York:</b> The NY State Caregiving and Respite Coalition awarded Lifespan Respite mini-grants to volunteer and faith-based community agencies and required training of volunteers.</li> <li>● <b>Massachusetts:</b> The Lifespan Respite grantee is <a href="#">piloting a respite program using trained university students</a> that will create an academic respite framework to serve as a tool for other college and universities seeking to replicate the MLRC-UMA model</li> <li>● <b>South Carolina:</b> The South Carolina Respite Coalition used Lifespan Respite grant funds to develop <a href="#">Break Room respite</a> using faith and community-based volunteers.</li> <li>● <b>North Carolina:</b> Lifespan Respite grantee established a Statewide <a href="#">Volunteer Caregiver Respite Consortium</a></li> <li>● <b>Colorado:</b> The Colorado Lifespan Respite programs expanding reach to faith community using their <a href="#">toolkit</a>.</li> <li>● <b>Wisconsin:</b> The Respite Care Association of WI is using Lifespan Respite funded to develop a toolkit for universities to establish students as respite workers program. <a href="#">Webinar presentation</a></li> </ul>	
<p><b>Outcome 3.7:</b> Family caregivers' and care recipients' needs are a key consideration in emergency response efforts.</p>	<ul style="list-style-type: none"> <li>● <b>Idaho:</b> <a href="#">Family Caregiver Navigator</a> manages risk and prevents crisis through text and personal connection with family caregivers</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
	<ul style="list-style-type: none"> <li>● <b>Multiple states</b> (AZ, MD, ND, NE, NV, SC, WI): Lifespan Respite grantees provide <a href="#">emergency respite</a> vouchers and guidance for providing emergency respite</li> <li>● <b>New York:</b> Lifespan Respite grantee is working on emergency preparation program for caregivers</li> <li>● <b>North Carolina:</b> Lifespan Respite grantee and partners are working on caregiver and respite resource training presentations for community health, child welfare, and adult protective services workers; and developing outreach materials for caregivers in crisis. <a href="#">Webinar presentation</a></li> </ul>	
<p><b>Outcome 3.8:</b> Family caregivers have the skills and tools necessary to prepare for the future needs of the person they support.</p>	<ul style="list-style-type: none"> <li>● <b>Idaho:</b> <a href="#">Idaho Family Caregiver Navigator</a> telephone and online program</li> </ul>	
<p><b>Outcome 3.9:</b> An agile, flexible, and well-trained direct care workforce is available to partner with and support family caregivers.</p>	<ul style="list-style-type: none"> <li>● <b>Arkansas:</b> Lifespan Respite grantee implements a Caregiver Training Program that provides CEUs for in-home caregivers and registered nurses</li> <li>● <b>Alabama:</b> Alabama Lifespan Respite uses Lifespan Respite grant funds to provide <a href="#">free respite training</a> through CareAcademy.</li> <li>● <b>Wisconsin:</b> The Respite Care Association of WI used Lifespan Respite funds to develop <a href="#">Respite Care Registry and respite training program</a>. A Statewide Lifespan Respite summit hosted by the grantee and RCAW attracted a large number of participants interested in becoming a respite provider or starting a respite program.</li> </ul> <p>In addition, the WI Lifespan Respite grantee is looking at strategies to increase the number of</p>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
	<p>respite providers, both providers establishing their careers and other individuals who need more training and support getting onboarded and qualified. This includes a pilot where they will offer stipends to incentivize non-professional caregivers like family and friends. They are also looking at lessons learned from related workforce initiatives done in the state, such as an effort to increase the number of providers in skilled nursing facilities.</p> <ul style="list-style-type: none"> <li>• <b>Multiple states</b> (AR, IL, KS, MT, MA, NV, NM, NY, SC and WI): Lifespan Respite grantees and partner participated in <a href="#">ARCH/NASHP/RCAW respite recruitment and provider training pilot</a> and will continue to provide and enhance training after the field test is completed.</li> </ul>	
<p><b>Outcome 3.10:</b> Kinship families and grandfamilies are recognized, supported, and valued within the child welfare system.</p>	<ul style="list-style-type: none"> <li>• <b>Multiple states:</b> Many of the 23 Lifespan Respite funded voucher program include grandparents and relative caregivers in voucher program eligibility</li> <li>• <b>Idaho:</b> ICA working with Office of Drug Policy and Behavioral Health Systems to do qualitative interviews with kinship caregivers who are caregivers because of substance use disorders and have uncovered stunning findings. Will do similar outreach with Correctional Systems to reach families of incarcerated individuals and send them kinship caregiver supports.</li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
<b>Goal 4: Ensure financial and workplace security for family caregivers.</b>		
<p><b>Outcome 4.1:</b> Family caregivers can provide care without negative impacts to their near- and long-term financial health.</p>	<p>State Examples?</p>	
<p><b>Outcome 4.2:</b> Family caregivers have access to employee-centered flexible workplace policies and practices that support work/life balance and professional performance when personal circumstances change.</p>	<ul style="list-style-type: none"> <li>● Multiple states have or plan to engage with local employers, including:               <ul style="list-style-type: none"> <li>○ <b>Colorado:</b> The Colorado Respite Coalition developed a Caregiver Friendly Workplace Toolkit</li> <li>○ <b>Nebraska, New York, and Wisconsin:</b> Lifespan Respite grantee and partner Employer Engagement Initiatives use employer surveyors to identify caregiver needs</li> <li>○ <b>Oklahoma:</b> Lifespan Respite grantee and partners are exploring hosting virtual events to engage employers/employees.</li> <li>○ <b>Wisconsin:</b> The Lifespan Respite grantee and partners presented at a conference for state’s Society for Human Resource Management chapter in an effort to educate employers and human resource personnel about family caregiver needs.</li> </ul> </li> </ul>	

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
<p><b>Outcome 4.3:</b> Family caregivers have access to and use of financial education and advance planning tools.</p>	<ul style="list-style-type: none"> <li>● <b>Multiple states:</b> At least 23 state grantees implement self-directed respite voucher or reimbursement programs to help family caregivers pay for respite</li> </ul>	
<p><b>Outcome 4.4:</b> Long-term services and supports are more affordable, allowing family caregivers to reduce their out-of-pocket costs.</p>	<ul style="list-style-type: none"> <li>● <b>Arizona:</b> In partnership with the Lifespan Respite care program, the state DES/Division of Aging and Adult Services Family Caregiver Reimbursement Program provides reimbursement for eligible home modifications and assistive care technology costs.</li> <li>● <b>Idaho:</b> The Idaho Caregiver Alliance successfully advocated for legislation to improve access of Certified Family Home providers to tax/income changes that would help them maintain their home for caring for adults with disabilities and older adults</li> <li>● <b>Washington:</b> The WA Lifespan Respite grantee proposes to work with decision makers for the WA Cares, the trust fund for the state’s long-term care insurance program, to ensure that family caregivers receive information about how to use the long-term care benefits from the program most effectively.</li> </ul>	
<p><b>Goal 5: Expand data, research, and evidence-based practices to support family caregivers.</b></p>		
<p><b>Outcome 5.1:</b> A national infrastructure will exist to support the collection of population-based data, using standardized wording of the definition of family caregiving, and standardized wording of questions that address the core characteristics of the family caregiving experience.</p>		

National Strategy to Support Family Caregiver Goals and Outcomes	Activities States are Already Doing	Ideas for Other Strategies
<p><b>Outcome 5.2:</b> Family caregiver research facilitates the development and delivery of programs and services that support and enhance the health and well-being of the family caregiver and the person receiving support.</p>	<ul style="list-style-type: none"> <li>• A current focus of the ARCH Committee for Advancement of Respite Research (CARR) is identifying common data elements that measure benefits to family caregivers, that may be shared across programs and systems.</li> <li>• <b>Illinois:</b> The Illinois Respite Coalition is collecting information from family caregivers through an ongoing <a href="#">Caregiver Statewide Survey</a>.</li> <li>• <b>Texas:</b> Texas partnered with Texas A&amp;M University to conduct a needs assessment and provider surveys across the state to better understand strengths and gaps related to respite. Partnering with a university helped add legitimacy to the effort.</li> </ul>	<ul style="list-style-type: none"> <li>• Collaborate with local and national researchers interested in caregiving and respite care</li> </ul>
<p><b>Outcome 5.3:</b> Promising and evidence-informed practices are promoted, translated and disseminated to support family caregivers in the delivery of health care and social services.</p>	<ul style="list-style-type: none"> <li>• ARCH recently introduced a competitive mini-grant evaluation project with three recognized Innovative &amp; Exemplary programs to document fidelity to intervention model, to measure caregiver outcomes, and to identify promising interventions for replication.</li> </ul>	

**Questions for Group:**

- Are there activities you currently do or plan to do soon that align with the National Strategy that should be added to this document?
- Do you have examples of activities you are undertaking that may not align with any of the strategy's identified outcomes but might help advance the overall strategy?
