

NEW MEXICO
CAREGIVERS
COALITION

WHAT IS NM CAREGIVERS COALITION?

NMCC advocates for direct care workers' education, training, benefits, wages and professional development so they may better serve people who are elderly and those with disabilities

Students, retirees and job-seekers who want to work as respite caregivers can now take an online, self-paced program that results in a Certificate of Completion — tuition-free to the caregiver.

Developed by ARCH National Respite Network, the course builds the knowledge and skills required for becoming a New Mexico respite caregiver.

This 7-hour course focuses heavily on care for service to persons with developmental disabilities.
